The new law, Public Act 90-0607, requires students entering 12 grade to receive the meningococcal conjugate vaccine, in accordance with the recommendations of the CDC.

The immunization requirement consists of one dose of the MCV4 vaccine if it was administered to a child who was 16 years of age or older. Two doses are required of the MCV4 vaccine, if the first vaccine was administered to a child who was less than 16 years of age.

To avoid school exclusion on October 15th, please show proof of compliance with this new mandate. Please click on link for 12th Grade Health Requirement Letter, bring to your doctor's appointment and turn in the completed form to the Nurse's Office.
